Méliuz reports update on purchase and sale agreement for stake in Picodi.com

Méliuz S.A. (B3: CASH3 | OTCQX: MLIZY) (“Méliuz” or ‘Company’), in continuation of the information disclosed in the Company’s Reference Form, updates its shareholders and the market in general on the potential acquisition of the remaining stake in Picodi.com, as provided for in an agreement signed in February 2021 (Shareholders Agreement - “SHA”).

In February 2021, Méliuz completed the purchase of approximately 51% of Picodi.com's share capital and entered into an agreement to acquire the remaining stake - approximately 49% of the share capital - through the exercise of call and put options.

The potential purchase of the remaining stake by Méliuz was directly linked to the achievement of pre-established targets, in accordance with definitions, criteria, and methodologies established and agreed upon contractually.

In compliance with the procedure set forth in the “SHA,” Méliuz has been discussing the methodology for calculating the targets, the reported results, and, consequently, the potential amount to be paid for the acquisition of Picodi.com shares, with a view to reaching a consensual solution on the matter, which has not been achieved.

In this context, Méliuz informs that it has initiated arbitration proceedings, pursuant to the arbitration clause provided for in the “SHA” - at the Court of Arbitration at the Polish Chamber of Commerce (“SAKIG”), with the aim of obtaining a final resolution of the existing disputes and a definitive solution to the case.

The procedure is currently in its preliminary phase, awaiting the formalization of administrative and procedural steps before the aforementioned Arbitration Chamber.

According to the Company's understanding and the "SHA," the price of the Remaining Shares ("Total Price") should be calculated based on the number of First-Time Buyers ("FTBs"), which, for reference purposes, in 2025, this calculation would result in a minimum value of PLN 0.70 (R\$ 1.05) and a maximum of PLN 46,442,844 (R\$ 69,367,264)¹.

The Company emphasizes that Picodi.com continues to be operated by minority shareholders and that it will continue to take all necessary measures to preserve its rights and interests, keeping the market duly informed of any developments, in accordance with applicable laws and regulations.
