Méliuz reports proposal to reduce capital stock for the creation of a capital reserve

Méliuz S.A. (B3: CASH3 | OTCQX: MLIZY) ("Méliuz" or "Company") hereby informs its shareholders and the market in general that its Board of Directors approved (i) a proposal, to be reviewed and resolved upon by the Company's shareholders at an Extraordinary General Meeting, for the reduction of the Company's capital stock, as it is deemed excessive, in the amount of R$160 million, without the cancellation of shares issued by the Company, for the creation of a capital reserve in the same amount and, therefore, without any cash distribution to shareholders ("Capital Reduction"), as well as (ii) the call of an Extraordinary General Meeting to resolve on said proposal and other matters, and the consequent amendment of the Company's Bylaws, the call notice and other relevant documents of which have been disclosed through the Company's and the CVM's channels ("EGM").

Management believes that the amount of capital stock reflected in the latest financial statements disclosed to the market, relating to the second quarter of 2026, exceeds the capital actually required by the Company's operations and by its short- and medium-term operational and strategic needs, even when considering the balance of accumulated losses recorded in the period, given that the Company operates under an asset-light model, has no debt, has immaterial capex, and has no structural working capital requirements.

Accordingly, Management believes that maintaining the current amount of capital stock burdens the Company's capital structure without a corresponding return, and proposes the allocation of such funds to a capital reserve, in the best interest of the Company, so that they may be used for the purposes set forth in Article 200 of Law No. 6,404/1976.

If approved at the EGM, the effectiveness of the proposed capital reduction will be subject to the lapse of the 60-day creditor opposition period counted from the publication of the respective minutes, as provided for in Article 174 of the Brazilian Corporations Law.

For further information, see the Management Proposal for the EGM available on the CVM's website and on the Company's Investor Relations website.

The Company undertakes to keep its shareholders and the market in general duly informed of developments on this matter.

São Bernardo do Campo, September 4, 2026.
